Dear Friends

Welcome to the website of the Sisters of Our Lady of the Missions, an international missionary Congregation whose priority is the empowerment of women and children in the developing world.

You will see from the projects featured here that the sisters dedicate themselves to share the good news of God's presence particularly among those marginalized in Society. They are involved in all aspects of humanitarian and development work in 20 countries. Education is the key which opens the door of opportunity to a better and brighter future. Care of abandoned children; Health care, including HIV Aids, Pre-natal and post-natal care, as well as working with women and children who are victims of human trafficking are major priorities.

I have visited most of these projects in the developing world and I always come away most inspired by the dedication and commitment of the sisters to empowering and improving the lives of so many people by giving them education, skills development and opportunities for eventual self sustainability.

If you would like to join us in this great humanitarian work you can do so as a Partner in Mission by donating on a regular basis, a one off donation or by making a bequest in your will. 100% of all donations go directly to the project. In some countries we are able to offer Tax deductability receipts. See Partnership in Mission Form.

If you wish to be included on our mailing list you will receive four Newsletters per year keeping you updated with the various projects.

I take this opportunity of thanking you for your ongoing generosity.

Wishing you and your family every blessing

Sincerely

A handwritten signature in cursive script, reading "Catherine Brabender".
