

Care for Common

The purpose of this newsletter is to provide news of RNDM involvement in actions and activities related to our ministry of Caring for Our Common Home.

Good news story: From the Philippines

RNDM Sisters and Youth Planted 100 Mangroves near the Coastal area:

Balay Euphrasie community took an initiative to plant 100 Mangroves near a local coastal area to help stop the degradation in that area. This took place on May 25th at 10:00 am at Tabuk Seaside, Barangay Matina Aplaya. It was participated in by 20 youth, scholars, and friends. Arrangements were made with the Barangay, who assisted in the tree planting.

The Ecological T-shirts were designed by the scholars .

They borrowed a car from the Capuchin Fathers. Simple snacks were served. The Balay Euphrasie Team organized the event in collaboration with the Barangay of Matina Aplaya.

Congratulations

to the Balay Euphrasie Team for their endeavours with the local youth in caring for the environment.

Season of Creation Prayer (continued and completed)

May your Creator Spirit help us in our weakness, so that we may know the redeeming power of Christ and the hope found in him. May the groans of the Spirit birth in us a willingness to serve you faithfully, so that we may hear and heal Creation, to hope and act together with her, so that the first-fruits of hope may blossom.

Loving and Creator God, we pray that you will make us sensitive to these groans and enable us to have the same compassion as that of Jesus, the redeeming Lord. Grant us a fresh vision of our relationship with Earth, and with one another, as creatures that are made in your image.

In the name of the one who came to proclaim the good news to all Creation, Jesus Christ. Amen.
